

This is my 3rd comment to you guys at the FCC so you can see the issue of media misuse of power is important to me--and most people I know. The Sinclair issue is an unmitigated abuse. Taking sides in an election is bad enough. But preempting programming is over the top.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve a demonstration by that station that they display fairness.

Every citizen has the right to expect at least that!
